## What's in the box?

---

### 540 Total Cards

We know, it sounds like a lot of cards, but it boils down to this:

There are three types of cards.

#### 1. Category Cards

- 75 DO IT Category Cards
- 100 KNOW IT Category Cards
- 75 SAY IT Category Cards
- 75 QUOTE IT Category Cards
- 75 GUESS IT Category Cards

#### 2. Point Cards

- 90 Blank Point Cards
- 10 Cards with the number 10 on each side

#### 3. Yay/Nay Cards

- 20 Green YAYCards
- 20 Red NAY Cards

Ages 17+

3–20+ players

Time: 30 min Up To 2 hours+

## Getting the game set up

---

- Open all of the card packs. Obviously.
- First, pass out 1 YAY and 1 NAY card to everyone playing.
- Then, pass out 5 Point Cards to all players.
- Next, it's time to shuffle up the Category Cards. Make sure these are mixed up together really, really well. \*THE CATEGORIES ARE ALL MIXED TOGETHER
- Finally, place the Category Cards (face down) and the Point Cards in the middle of the table.

Now that you're all set up, decide as a group how many rounds or for how long you'd like to play. How long the game goes on for is 100% up to all of you. Have an hour to kill before you head out? Perfect. Looking for a full night of excitement and entertainment? Even better.

It's totally up to you to figure out who goes first. You can spin a bottle. Play Rochambeau. Throw a golf tee down and see who it points to. Spell "Wise & Witty" backwards. Youngest or oldest. Whatever works for you and your crew. Got it figured out? Great. Now, hand these instructions to whoever is going first.

## Let's get it started

---

Remember that pile of Category Cards you left all mixed up in the middle of the table? Ask the person to your right to pick the top card and read it aloud to you. Now, you must answer or perform the action. If you are successful, take a Point Card (Or 2 cards if you succeed in the DO IT Category) from the middle of the table. Beware, if you do not want to perform the action in the DO IT Category Card ONLY, you LOSE TWO (2) Point Cards. Ouch!! By the way, when you collect 10 individual Point Cards, \*EXCHANGE them for a single Point Card with the number "10" on it.

The game is now officially underway. To keep playing, move in a clockwise manner around the table for the agreed upon rounds or time, with the person to your right picking and reading the question for you.

## How to play

---

Here's the thing about the Category Cards, each brings a little something different to the table. Some are subjective. Others are objective. Several Categories have bonus questions, but you can only answer the bonus question if you got the original question correct. Answers to bonus questions are found in (parenthesis). Here's a primer on how each of the Category Cards work.

## DO IT CATEGORY

To play, do what the card says. Sounds easy, right? If you want your Point Card, you better be good. And the majority of the table must agree. After performing your task, everyone at the table must place a YAY or NAY card face down. Once all the YAY/NAY cards are down, they get flipped up at the same time. If the majority of cards say "YAY," you can take two (2) Point Cards from the pile. If it's a tie, the person answering the question gets to play vice president and break the tie. Or, for you sports fans out there, the tie goes to the runner. Simple as that!

### DO IT

Juggle three or more objects successfully  
EXTRA POINT CARD if you can juggle 4 or more successfully

### DO IT

Pretend to be a drunk Santa who hates Christmas for 30 seconds talking to a child on your lap

## KNOW IT CATEGORY

This is the trivia portion of the game. And it works just how you think it would. The card asks a question. You answer it. Get it right. Get a Point Card from the pile. Occasionally, these cards will offer a chance for a Bonus Point. You only get a shot at the Bonus Point if you answered the first question correctly. (Bonus Card Answer is in parenthesis.)

### KNOW IT

What is the name of the famous coffee house on the show Friends  
Central Perk

### KNOW IT

In addition to grain, water, and yeast, what is the fourth main ingredient in beer  
Hops

## SAY IT CATEGORY

The idea is to go around the table or room with everyone giving an answer until someone gets stumped. The player who cannot answer, loses however many points it says on the card. If a questionable answer is given, the group takes a YAY or NAY vote to see if the answer stands. It MUST be a majority. If an answer is not given within a reasonable amount of time (say five seconds), then the table does a "three second count down" before the player gets officially "stumped".

### SAY IT

Things that bounce, jiggle or hop  
LOSE 2 CARDS

### SAY IT

Types of cheese  
LOSE 2 CARDS

### QUOTE IT CATEGORY

Each card contains a quote and four possible answers. Choose the right answer and pick up a Point Card from the table.

#### QUOTE IT

"I'd like to live like a poor man—only with lots of money"

*Drew Carey, Pablo Picasso, Tim Allen, or 50 Cent*

Pablo Picasso

#### QUOTE IT

"I'm not trying to be sexy. It's just my way of expressing myself when I move around"

*John Stamos, Sophia Loren, Elvis Presley, or Cindy Crawford*

Elvis Presley

### GUESS IT CATEGORY

Here, you'll be given two statements. One fact. The other fiction. Guess which one is a fact and earn a Point Card from the pile.

#### GUESS IT

The Great Wall of China is visible from space

A woman was elected to Congress before women even had the right to vote
